THE DEBATE

D. H. Galbraith is Heard in Provincial Legislature

The Edmonton Journal makes the following reference to the contribution made by D. H. Galbraith to the debate in the legislature:

D. H. Galbraith, U.F.A. Nanton, will not be popular with the leader of the opposition. He urged that in view of the promised co-operation of the opposition in all good legislation, there was no need for an opposition leader, or that if the position be maintained, it would be without payment, and he invited the Hon. Mr. Boyle to show his democratic views by suggesting, when the public accounts came down for discussion, that the opposition leader himself propose the removal of the salary of the office, a somewhat Gilbertian proposition. Mr. Galbraith told the house that his and the adjoining constituency of Nanton were the first to return farmer members to the house, and that when in 1917 James Weir and Mrs. McKinney entered the front door of the chamber, partisanship left by the rear door. Nanton, modestly declared the speaker was a constituency without a grievance, except for taxes, these being a particularly heavy burden to the ranchers of the foothills. He declared his adherence to the principle of the recall, and told the house that unless he behaved himself, and did as he was instructed, the sword of Damocles, suspended like a threat by his signed notice of resignation, would fall, and there would be no more Galbraith. He wanted the utilities board to be strengthened, so that the province might adopt as its financial slogan: "Alberta—a safe place for investment."

TOWN COUNCIL

Long and Interesting Session on Thursday

The second regular meeting of the council was held on Thursday night, February 16. The mayor and all the councillors were present.

Mr. Mutz addressed the council in reference to the granting of a franchise to the Vulcan Electric Light Service, the company which has for some time been giving service to the community. The form of franchise desired is one of mutual advantage and protection, and is viewed with favor by the board. Councillors Elves, Charters and Stack were appointed a committee to negotiate the details of the franchise.

An officer of the Salvation Army made a request for a money grant to aid in the work of that organization. There was no grant made, the resources of the municipality being taxed to the limit in caring for the local relief demands.

There was much discussion on ways and means of improving the fire fighting apparatus. One idea that is generally favored is the placing of the chemical appliances on a motor truck, and the cost of such an improvement will be estimated, and other reports made in connection with the question of fire protection.

The purchase of the library from the Community Club has been made, and the government notified of the transfer, and the government has been petitioned to make to this library the grants generally made in support of public libraries. With this assistance this already splendid library can be made even better and larger.

ITEMS OF INTEREST

Who saves nothing has nothing. Who has nothing is nothing.

The legislature made a unanimous demand for the provincial resources from the federal government.

A total of over half a million dollars of raw furs were sold at Montreal on February 18. Fur prices are up.

The Union Bank at Edmonton, was held up at noon on February 17 by a man armed with a shot gun, obtaining over \$2000. He disappeared on foot and has not been apprehended as yet.

Prosperity cannot be forced by legislation. Wages depend upon production. One class cannot thrive at the expense of another and there are no substitutes for hard work and thrift.

The Red Cross hospital at Pouce Coupe is working overtime, according to a report received at Headquarters in Calgary. Many patients have been looked after and relief has been organized there for the district.

The provincial seed fair held in Edmonton the past week was the most successful in many years. The exhibits numbered nearly 700, and were of the finest quality, in spite of supposedly adverse conditions in the country districts. Many of the first prize exhibits have been given by the owners to the provincial government for exhibition purposes in future.

Newspaper advertising is the cheapest channel of communication ever established by man. A thousand letters with 1 cent stamps will easily cost \$15 to circulate, and not one envelope in ten will be opened, because the very postage is an invitation to the waste basket. If there was anything cheaper, rest assured that the greatest merchants in America would not spend individually sums ranging up to half a million dollars and more a year in newspaper advertising. Test it for yourself.

MARQUIS M. D.

Interesting Business and Nomination Meeting

The meeting of ratepayers at Lake McGregor on Saturday developed quite a lively time. Everything pertaining to the business of the municipality was more or less discussed. Criticism was offered and brought forth answers and explanations. One subject, that of moving the municipal office from the town of Vulcan into the municipality, received so much attention that it was resolved to settle the question by a vote to be taken at the time of the election of councillors, on Monday, February 24. There are three councillors to be elected, and there are six candidates, namely, Allan Roy, James Dann, Glen C. House, James Rowe, Richard H. Shore and Milton H. Ward, and these names will appear on the ballot in the order which we have given them.

ONLY A YARN

This one is contributed by an Advocate reader: Not a hundred miles from Vulcan, a few months ago, a wife lay very ill. Having brought up a clever orphan girl, the sick woman called the young woman to her and said: "I shall soon leave my little children motherless; they know you and love you, and after I am gone, I want you and my husband to marry." The young woman, bursting into tears, said: "We were just talking about that." The wife recovered.

UNION CHURCH

Church and Sunday School Officers Elected

The report last week of the annual meeting of the congregation did not record one particular feature of that most successful and satisfactory event. This was the election of church officers and Sunday school superintendent. With the decision to make the church year run concurrent with the calendar, came also the decision to reduce the membership of the board of managers by one half, making the number six, and a vote by ballot resulted in the election of F. J. Stewart and R. L. Elves, for a period of three years; W. F. Jennejohn and W. E. Butchart, two years, and W. D. Allan and W. H. Grant, one year. The board has since chosen Mr. Jennejohn as chairman and Mr. Stewart as secretary-treasurer. Mr. J. H. Cook, who has been the Sunday school superintendent for some years, presented his resignation, but was persuaded to retain the position by a persistent demand and a unanimous vote of the meeting. It is a pleasure to repeat that the church, with the induction of the new pastor and the selection of the board and officials, and with every department in splendid shape financially and otherwise, continues its work and starts the year under the most promising circumstances.

BLACKIE WON

First Seniors Game in Vulcan this Season

Blackie and Vulcan were the contenders in the hockey match here on Thursday, the first and only senior game in Vulcan this season. Blackie won, and won on their merits, having the edge on the locals in every respect. However, Vulcan gave them a sufficient argument to make the game one of real interest to the large crowd of spectators. Vulcan did well for their second game of the season to lose by only one goal against a team that has played an entire league series and several other games, and it was apparent that lack of condition was the main factor in the defeat of our team. The game furnished good sport and splendid entertainment, and if we can't win we know how to lose. The score was 7 to 6.

Vulcan team—Goal, Ross Henderson; defence, Ross Walker, Rus Robinson; forwards, Will Reor, Jack McKenzie, Ted Mutz, Jim McDonald, Elmer Brown, Everett Depoe.

COMING SHOW

Band Boys Will Present a Fine Drama

"The Frozen Trail" is the name of a drama that will be presented under the auspices of Vulcan band, for the benefit of the band, at Vulcan, on Friday, March 10. This can be truly described as a home-made show—and it is all the better for that. The talent and genius which has developed in the building and painting of the scenery, the making of the effects and the collection of props and equipment, would do credit to professionals, and these are not too good for the performers, for they have been well cast and the talent will be a surprise and pleasure to all who have the privilege of attending the performance. The drama selected is much more pretentious than that usually undertaken by amateurs, but it is not beyond the local artists who have given it careful study and intelligent interpretation. "The Frozen Trail" can be anticipated as a fine treat.

ROYAL M. D.

Election Will Take Place in One Division Only

Electors of Royal Municipality, at a meeting in Vulcan on Saturday, at which Mr. E. G. McPherson presided, discussed the business of the district and the service of its councillors from the viewpoint of all concerned. It was a meeting that will have good results, as all meetings must be when men reason together. The nominations for councillors will necessitate an election in only one division. There were no vacancies in Divisions 3, 4 and 5. H. O. Lundgren was returned by acclamation in Division No. 1, and Jacob Eamorr in Division No. 6. M. F. Hill, David McClinton, J. N. Johnston and W. B. Jamieson were nominated in Division No. 2, and in this division an election will be held on Monday next, the ratepayers in sections 31 to 36 in township 16-25-4, and sections 1 to 18 in township 17-25-4, voting at Harvey school, and ratepayers in sections 1 to 30 in township 16-25-4, voting at Boyne school. Thos. Margetts was elected by acclamation to the Hospital Board to represent that portion of the municipality which is included in the High River hospital area.

H. A. Craig, during a discussion on co-operation between agricultural fairs and school fairs, urged that any antagonism between the two be eliminated.

Did it ever occur to you to send the paper to some member of the family living elsewhere or to a friend who used to live here? It's an awful good stunt and we have quite a few friends who are thoughtful enough to do it.

Vulcan School Board, by advertisement, in this issue gives notice of the expediency to raise the sum of \$5,000 on the security of the district to pay for the primary school and for repairs and equipment at the public school.

We would like to publish the names and addresses of all visitors to and from town. This means everybody. But it is quite impossible to obtain such news unless it is sent or phoned to the office. We ask all to send in these items. To do so will be a courtesy to your guests, a kindness to your friends, and a favor to us.

Mr. Robert Fair was a caller at The Advocate office on Monday. His visit was one of the bright and happy events in the experience of the humble printer. He wished us well, and we know he meant it, for he paid his subscription three years in advance. Incidentally, Mr. Fair holds the record for a paid-in-advance subscriber to The Advocate.

This will be the intimation that hereafter the toilets, baths, waiting rooms and other conveniences on the upper stories of the Imperial Hotel will be limited to the use only of patrons and guests of the hotel. These have long been utilized by the general public, and the use and abuse of the privileges has increased to the extent that necessitated the making of this new rule for the protection and service of the guests of the house.

A party was recently given by Mr. and Mrs. C. Layman, at their home on February 14, in honor of the birthday of their daughter, Hazel. There were about thirty-two present and all had an enjoyable time. Cards were played, and the first prize for ladies was won by Mrs. L. Hollister, and the boogie by Miss E. Flood; the first prize for gentlemen was won by Mr. Hamilton Johnston, and the boogie went to Mr. William Ritchie.

Boys of the Brant hockey team were entertained to dinner by Mr. and Mrs. Shimp on Saturday evening. This little kindness delighted the boys and added pleasure to their visit to Vulcan.

Friends in Vulcan have received cards announcing the marriage of Mr. Lormier F. Dawson to Miss Ethel Millicent Morson, on February 18, at Edmonton. They will reside at Oyen, Alberta.

"The fine points in curling as they apply to the great game of life" will be the subject of the sermon by Rev. J. N. Brunton, at the Union church, on Sunday evening. Special music will be rendered by the choir.

The regular monthly meeting of the Women's Institute will be held at the home of Mrs. Ferngreen, on Friday, March 3. The topic will be "Pioneering Days." A good program is assured, and a hearty invitation is extended to all ladies.

A meeting of the Girls' Club was held at the home of Mrs. Flood, on February 14, with Miss Tingle as supervisor. After the business was discussed refreshments were served by the hostess. Games were then played.

Little kindly messages always are appreciated by the country editor, and this week we acknowledged such from Mr. A. M. Traie, who sends a cheque for The Advocate, and with it expresses the hope that crops with us will be better this year than we have had for some years, and wishes old friends in Vulcan all prosperity.

When the average feller picks up a magazine, he reads the stories, and in a city paper he looks over the headlines—but when he picks up a country paper he slouches down into a comfortable position and reads everything in sight, including the ads., and then goes back over it to make sure he has not missed anything.

The St. Valentine Tea, given by the Women's Institute at the home of Mrs. Carson on February 14, was a very successful affair. The house was appropriately decorated for the occasion. The dainty refreshments, together with the splendid music rendered by Mrs. Geddes, was very much appreciated by all. Net proceeds for the afternoon were \$13.50.

Messrs. Lebow and Spooner skipped the rinks that represented Vulcan in the bonspiel at Carmangay on Monday. Neither got within sight of the trophies, but they had a great time just the same, and the real entertainment they received at Carmangay made them feel good even though they were defeated. The game of the local club to qualify for the bonspiel created keen interest. Mr. Lebow and his men qualified first in the series, and the deciding game between Messrs. Spooner and Wolfe on Saturday night was an intensely interesting contest and was witnessed by almost all the curlers in town.

GENERALLY AT THE TOP

Most bank failures are due to irregularities at head office. Branches are closely watched and strictly inspected by head office officials, but there never has been adequate supervision over the head office itself. When the Bank Act was revised in 1913 the suggestion was made that an official of the Finance Department should be an inspector of all head offices, but that could not be done without the Department assuming responsibility or having responsibility thrust upon it. What will do most to prevent exploitation of banks funds is independent inspection of head offices at irregular periods.

Fire destroyed the entire still plant and 80 barrels of oil of the Royallite Oil Co. in the Dingman field Tuesday night, also the Black Diamond garage which is situated in the same building. The blaze which is supposed to have started from leaking oil lasted from 6 p.m. till midnight with a loss of from two to five thousand dollars. The still was between the No. 1 and No. 2 wells of the Royallite and was erected by the old Dingman Co.—Oktoks Review.

During a discussion on grants to farms, Hon. Geo. Hoadley, Minister of Agriculture, urged the importance of giving prizes only on merit, pointing out the harm done by practice of directors and others in allowing prizes to be given animals or exhibits without real merit, or where there was only one entry. This year he stated, the grants to farms would be about \$155,000. The question was to get value for the money spent, and as to how many farms were justified by the good they were doing and he would rather see money diverted from a poor fair to help out some school fair. Strong appeal was made by some delegates, however, to give every possible chance to the small farms to make good. "The agricultural fair puts the stamp on exhibits, and that stamp should be for merit and for no other reason," declared Mr. Hoadley.

Three annual scholarships to the value of \$500 each have been granted to Toronto University by The Canadian Pacific Railway for the purpose of inducing graduates of Western colleges in Canada to pursue their post graduate studies at the University of Toronto. It has for some time been felt that Canadian national unity would be very greatly fostered by some such move as this. The universities of Western Canada are growing fast and their standard of instruction is high, the result being that a large and ever growing class of their students show a desire to pursue graduate and professional careers beyond the stage which is at present offered in their provincial institutions. In the past American universities by reason of their comparative nearness and also because of scholarships which they have been able to offer have attracted a large percentage of these students for post graduate work. Many of the students attending the universities of the Canadian west have originally come from the United States or even from Europe and most know very little about Eastern Canada, the result being that if they obtained their advanced instruction in the United States they will when they return to take up their work as leaders in the thought and action of Western Canada be even less inclined than formerly to become active factors in the well being together of the eastern and western sections of this country. The purpose of these three scholarships is to strengthen the intellectual educational religious and economical links between eastern and western Canada and it is intended by this means to enable a constant succession of the brightest and most ambitious of western university students to become familiar with methods of life and thought in eastern Canada. There is no doubt that the opportunity to get into first hand touch with the older Canada that lies east of the Great Lakes will be eagerly taken advantage of. University authorities say there is no lack of advanced students eligible for such scholarships and it is stated by Mr. E. W. Beatty, president of the Canadian Pacific Railway in his letter to Sir Robert Falconer, president of Toronto University announcing the granting of the three scholarships "The movement is one that will obviously be of benefit not only to the students but also to the communities in which they will afterwards live.

NEWS BULLETIN OF THE PROVINCE

Considerable success attended the series of poultry meetings which were held in the southern part of the province, under the auspices of the department of agriculture. Lecturers report that never before have the farmers taken such a keen interest in the poultry industry.

A bulletin will shortly be ready for distribution by the department of agriculture on "Building up a Dairy Herd." The bulletin on silos is now ready for distribution.

It has been announced by Attorney General Brownlee that Sergt. J. J. Nicholson, of the Provincial Police, formerly stationed at Blairmore, has been appointed to take charge of the police under the Liquor Act, under the general direction of Commissioner Cuddy. Announcement will shortly be made also of the appointment of a man to have charge of the administration of the act, under the direction of the Attorney General.

A delegation representing the Moderation League of the province waited on the cabinet on Wednesday with the request for moderation of the prohibition laws.

A delegation from sportsmen of the province has presented a request to the Minister of Agriculture to have the seasons for prairie chickens and Hungarian partridge open simultaneously on October 1, and that the partridge season be open until the end of October.

A delegation which waited upon Perrin Baker, Minister of Education, Thursday, asked for consideration for the adult blind in the province, of whom it was stated there were 275 now in Alberta. The delegation urged the government to provide a grant to the provincial branch of the Canadian Institute for the Blind.

Rapid growth of school districts in the province is shown by the fact that the Minister of Education during the past week signed order for the organization of District No. 4091.

A total of 7,069 accidents came under the purview of the Workmen's Compensation Board of the province during the year 1921, according to statistics contained in the annual report of the board tabled in the legislature by Premier Greenfield yesterday afternoon. The number of accidents for the past three years was: 1921, 7,069; 1920, 6,418; 1919, 3,466.

Fatal accidents last year totalled 55, as against 81 in 1920 and 43 in 1919.

The total compensation and medical services paid for during the year was \$367,102.17, compared with \$243,935.84 in 1920 and \$104,739.18 in 1919.

The average rate of assessment paid by the employers in all industries

was .93 per cent. on the gross payroll of 1921.

The average compensation and medical aid per accident was \$102.93, of which \$71.13 was for compensation and \$31.80 for medical aid.

Females injured in the accidents reported, totalled only 69 of the total number.

During the year 277 prosecutions were taken under the act in which 261 convictions were obtained.

A great deal of work was accomplished during the year in the way of propaganda for accident prevention and first aid work. It is also pointed out in the report that eye accidents were numerous, and as a result safety guards on emery wheels and such like have been installed. Further regulation for the public in theatres, and for stage hands and motion picture operators have also been inaugurated during the year.

Classes were held at many points during the year in first aid work, 25 of these having been completed, and 8 of which are still to be completed. The candidates attending these classes totalled 694 males and 186 females, while 419 males have qualified in the various examinations and 29 females have qualified.

Announcement is made by Hon. Geo. Hoadley, Minister of Agriculture, of the intention to close two or three of the demonstration farms, retaining only sufficient area in these for experimental plots. This is in line with the policy of the minister of agriculture to extend the system of district agricultural agents, who will visit the farmers on their own farms and give them practical advice on the problems they face.

There were 1106 students registered at the University of Alberta during 1921 according to the annual report of the governors of the university laid on the table of the legislature last week by Hon. Perrin Baker, Minister of Education. These distributed in the various schools and faculties as follows: Arts and sciences 383, applied science 67, law 75, medicine 141, agriculture 47, professional short course in dairying 30, agriculture for S.C.R. 11, pharmacy 43, dentistry 40, correspondence 40, graduate courses 73, combined courses B.A., LL.B. 68, B.A., M.D., 22, B.A. B.Sc. in arts 1, B.A. B. Sc. in applied science 19, B.A. B.S.A. 3, public health nurses 15, household economics 24.

C. E. Christenson, predicted that Alberta would increase its output 100 per cent. in two years and expected an output of 18 million pounds of butter during the coming year. He urged the importance of improving the grade of butter.

RHEUMATISM

LUMBAGO NEURITIS vs. T.R.C.'s SCIATICA

Have you given up? Have you resigned yourself to that old, gnawing pain that nothing seems to relieve? Do you think because you can't go to Hot Springs or take some expensive treatment that you have no other alternative? We have many cases considered hopeless, tried everything, baths, scrums, electricity, who found recovery in using T. R. C.'s (Templeton's Rheumatic Capsules). We have thousands of letters that prove beyond doubt T.R.C.'s to be the most practical and successful Rheumatic remedy sold. At drug-gists, \$1.00 per box. For Free Trial write Templeton, Toronto. GENERAL NEWS

Some 750 clerks in the civil service at Ottawa will be dismissed on April 1st.

The automobile fad of racing trains to crossings is gradually dying out as also are the fellows who do the driving.

Southern Ontario experienced a thunder storm on February 19, and this was followed by a downpour of rain.

Quebec is making 4 million dollars a year profit off the sale of liquor and using the money to retire debentures.

Saskatoon farmers held a meeting and fixed the price of hired help for 1922 at \$35.00 a month and board, the harvest and threshing rates to be decided later.

The Saskatchewan Grain Growers Association has decided to organize politically and contest the next provincial election. There are 140 locals and 30,000 members in the organization. The group has here tofore stood behind the Liberal government.

The provincial seed fair held in Edmonton the past week was the most successful in many years. The exhibits numbered nearly 700, and were of the finest quality, in spite of supposedly adverse conditions in the country districts. Many of the first prize exhibits have been given by the owners to the provincial government for exhibition purposes in future.

At the annual convention of the provincial fairs association held last week in Edmonton, J. F. Day was elected president again and Rufus Cates, Oyen, vice-president. E. J. Freeman, who for 17 years has been secretary, has resigned, and Alex. Galbraith, superintendent of fairs, has taken over the work, temporarily. There will be 112 fairs in the province this year, compared with 108 in 1921. Two of them will be in June, 18 in July, 71 in August and 13 in September.

day.Mr. and Mrs. Jno. Rushfeldt have
been enjoying a two weeks visit from
their daughter, Mrs. Geo. Becklund
and children of Youngstown. They
left for home last Monday.The whist and checker drive on Fri-
day evening was a very enjoyable af-
fair in spite of the piercing cold. Miss
Lorraine Woodman won the first
ladies' prize, Mr. Elov Anderson, the
gentleman's; and Mr. Willard Love
the checker prize, having won every
game he played. The "booby" prizes
caused much merriment and were won
by Miss Clara Love and Mr. P. S. An-
derson. After the games were over,
dancing was indulged in for a few
hours, then a nice lunch and all sought
their homes tired, but happy.The Redlandview W.I. met at Mrs.
D. L. Doane on Wednesday, Feb. 15.
Mrs. Claytonvery acceptably filled the
chair, in the absence of Mrs. Doane.
After the business was transacted the
time was mostly occupied by planning
for the year's program. Mrs. Kelly
and Mrs. R. Love gave two excellent
readings. Among other good things
at the roll-call Viola Stager and Au-
brey Stager and little Miss Stein
gave cute little recitations. A tasty
lunch ended the meeting. The next
meets with Mrs. M. C. Dunham.Mr. Roy Fulton arrived home from
Cardston, Wednesday, and is warmly
welcomed.

VULCAN WEST

About 40 friends of Mr. and Mrs.
A. Larson gathered at their home
west of Vulcan Friday, Feb. 17, and
had a very enjoyable time playing
progressive whist and dancing. Mrs.
James Lucas winning the high for
ladies and Miss Mary Galbraith and
Mrs. S. Forrester tieing for low. When
they were asked to cut for low they
both cut the same three times in suc-
cession, when they decided to choose
each a partner and play it out. In
this Miss Galbraith won the prize for
low. Mr. Glen Lily won high for men
and Mr. Roy Shaw won the consol-
ation prize.During the first of the dancing
after supper a blizzard started to
blow and all decided to stay until
dawn rather than get out in a blizzard
in the dark so the dancing continued
and all broke up at 6.30 with a un-
animous vote of thanks to Mr. and Mrs.
Larson and family for their untiring
efforts to see that every one had a
good time.Several sang songs and played se-
lections on the piano during the even-
ing.

MIXED SPIEL

Curlers and Everybody Take a Hand
in ThisOne of the real events of the curling
season in Vulcan is what is known as
the "mixed spiel," taking its name
from the fact that the rinks in the
competition are composed of ladies
and gentlemen, curlers and those who
are not curlers. Everybody is invited
to take part, and the response is gen-
eral, as is indicated by the list below.
It is a great event, and great sport.
It starts on Wednesday and lasts for
two or three days. Individual prizes
are awarded to the players on the win-
ning rink, and this year the lead will
receive an olive spoon, of Adam
design; second, cream ladle, Grosvenor
design; third, gravy ladle, Grosvenor
design; and skip, tomato server,
Adam design. Following is the per-
sonnel of the contending rinks, the

SAID GOOD BYE

Come With Best Wishes of Their
CommunityThe severe cold of Monday evening
did not prevent Knox church, from be-
ing nearly filled by citizens who
gathered there to bid farewell to Rev.
and Mrs. Brunton. A good pro-
gramme was rendered. Besides spe-
cial music by the choir, a quartette
and two duets were given by Mr.
Gathercole Mr. and Mrs. Acton and
Mrs. Hird, and a duet by Misses Spady
and Coppock. Recitations were given
by Lily Olson and Mr. Knowles. Mr.
Colley in well chosen words, voiced
the respect and goodwill of the citi-
zens. On behalf of the congregation
and citizens, Mrs. Rutherford read the
address of appreciation and Mrs. Mc-
Kinnon presented Rev. and Mrs. Brun-
ton with a purse of one hundred and
thirty-six dollars. Mr. Brunton in re-
ply thanked the people for their kind-
ness and help during his four years
stay among them, and assured them
that they would not soon be forgotten
by Mrs. Brunton or himself. Light
refreshments were served and the
gathering closed by singing "God be
with you till we meet again". The best
wishes of the entire community fol-
low Mr. and Mrs. Brunton to their
new home in Vulcan.—Castor Advance

ALBERTA BUTTER

Trade Commissioner Ross, at
Shanghai, writing in the Commercial
Intelligence Journal, says an order of
Alberta butter of two tons per month
was recently placed by a large provi-
sion firm in Shanghai, and although
the latter have been waiting for the
shipment to some forward since Sep-
tember, on account of the shipper's in-
ability to obtain cold storage space, it
is uncertain if the butter will come
forward at all, causing great disap-
pointment to the firm who placed the
order.In the interesting article in which
this reference appears, Mr. Ross says
there is no butter produced in China,
and last year's imports amounted to
1,495,866 pounds. Hong Kong supplied
643,000 pounds; United States, 202,-
000; Australia and New Zealand,
360,000; British India, Russia and
Japan about 74,000 each; Canada only
sent 42,000 pounds. Our trade has
been handicapped owing to the lack of
cold storage shipping facilities, but
this will to some extent be remedied
by service on the Empress of Canada,
which has cold space available.
